

Independent Conceptual Design Review of the LBNF Cryostat
27-28 May 2015 at CERN

Agenda

Wednesday 27 May

9:30 Tour of Neutrino Facility (meet in front of Building 40) Dimitar Mladenov

11:30 Lunch in Glass Box at Restaurant 1

CERN Building 222-R-003

13:00 Overview of LBNF, presentation of review charge Jim Strait

13:30 Overview of LBNF cryostat design Marzio Nessi

14:10 Detailed discussion of LBNF cryostat design Dimitar Mladenov et al.
Engineering analysis, drawings, etc.

Coffee break as needed

18:00 Review committee executive session

18:45 Questions from the committee to the design team Review Committee

19:00 Adjourn for the day

Thursday 28 May - CERN Building 222-R-003

8:00 Follow-up detailed discussion

10:30 Break

11:00 Review committee executive session / report writing

12:00 Lunch in Glass Box at Restaurant 1

17:00 Presentation and discussion of draft committee report Review Committee

18:00 Adjourn

Review Committee

Tom Page, Fermilab

David Taylor, Sanford Underground Research Facility

Other Review Participants

Mike Headley, Sanford Underground Research Facility

Dimitar Mladenov, CERN

David Montanari, Fermilab

Marzio Nessi, CERN

Barry Norris, Fermilab

Jim Strait, Fermilab
